Description

The Tatra car factory with an exhibition of cars and trucks from all stages of production, complete with chassis, engines, models, designer's ideas, sports jousting trophies, period photographs and various rarities. The exhibits are complemented by multilingual video boxes with film sequences of automotive gems and other interesting information.

Accessibility

Entrance

- ❖ Wheelchair access.
- ❖ Entrance door width: 180 cm, photocell automatic opening, without a threshold.
- ❖ The area before the entrance is flat and sufficiently wide. Material: interlocking pavement.
- ❖ The area in front of and behind the entrance door is sufficiently large, free of obstacles.

From left: Area before entering the museum, ramp to the museum access path

Interior premises

- ❖ There is a ticket office in the lobby. It is not equipped with an induction loop.
- ❖ Corridors and passages are sufficiently wide (min. 120 cm).
- ❖ Surface: technical carpet, tiles, linoleum.
- ❖ There are seating areas for resting.
- ❖ The staircase is only accessible to the exposition of trucks, handrail on one side. It can be overcome with a staircase platform of 80 x 90 cm (operated by museum staff).
- ❖ Access ramps are available in other parts of the exhibition.

From left: Ticket office in the lobby and communication path in the museum
