Description

Adršpach Rocks is called the rock city of Adršpach. It is because the towers and rock massifs, which are located on the route, resemble buildings, towers etc. in the forms and sizes. Behind the entrance to the rocks there is a pond with a small island, a great attraction is also Small and Great Waterfall and a rock pond with possibility of boating. The tour is not too long and it is easy to access from the Small Waterfall (about 1 km). To reach the Great Waterfall and the Rock Pond visitors use the stairs, and there are quite a few stairs in the following part. The entire route is 4 km long. Everyone can customize their options. Access to the rocks is chargeable.
