#### Description

The main activity of the museum is the collection and presentation of all Silesian prints created in Polish, German and other languages. You will find here mainly newspapers, leaflets, business (one off) prints, books. The oldest printed material in the museum's collection is the breviary of 1688, the oldest newspaper is a copy of the Schlesische Privilegirte Zeitung from 1813. The library has the largest collection of books and magazines concerning Pszczyna. Of specific interest is the collection of printing machines and bookbinding equipment. Visitors have the opportunity to print a souvenir on a hand typographic machine from the second half of the 19th century.
