Description

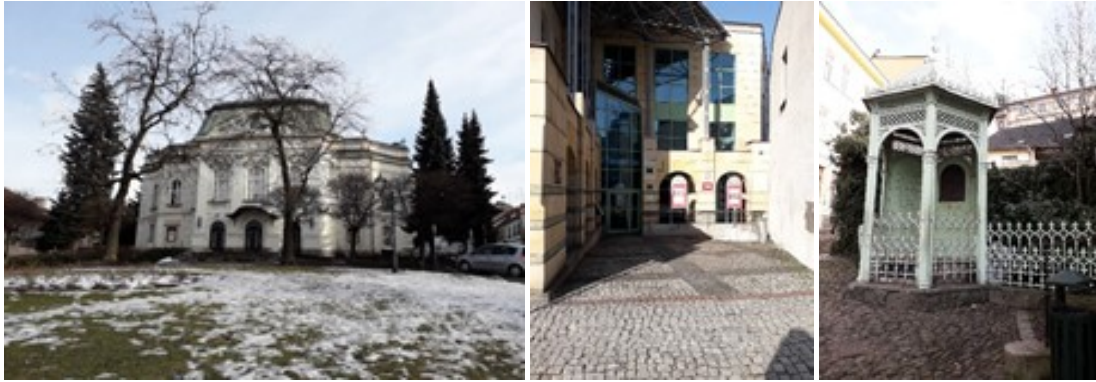

The city tour leads through places where the main monuments of Cieszyn (Teschen) are located.

The medium-demanding walking route of approx. 2 km can be started in the town center on the square at the fountain with the statue of St. Florian, surrounded by tenement houses with arcades, Classicist town hall and other impressive historical buildings incl. St. Maria Magdalena Church.

The route continues down the square along Głęboka Street (Deep) and then through the second street on the right to Stary Targ Square (Old Market) to Madonna and Child. Aleksandra Fredry Street leads to the A. Mickiewicz Theatre at the Theatre Square and Mennicza Street to the Cieszyn Library (Książnica Cieszyńska). After walking down Mennicza Street you can return to Głęboka Street. You can go a little further down to the Press Museum (Museum drukarstwa) or head uphill and take the first street on the right (Browarna Street), at the end on the left (Śrutarska Street) and walk to the Three Brothers Well. Then continue along Śrutarska Street and the New Town to the intersection with Limanowskiego Street, which will take you past Peace Park and Tadeusza Regera Street back to the square.
